

LARGEST CLASS TO FINISH AT HIGH

SIXTEEN STUDENTS TO RECEIVE DIPLOMAS; COMMENCEMENT IS PLANNED FOR JUNE 16; TERM TO END FOR SUMMER JUNE 17.

The largest class ever graduated from the South San Francisco High School will receive diplomas this year, sixteen young people having finished the courses of study that fit them for university work or for a place in the great work-a-day world. The largest class of graduates prior to this year was that of 1918 when nine students finished school. The names of the graduates this year are Edith Broner, Hilda Elmers, Bernice Farrell, Anna Smith, Ruth McMills, Alice Wallace, Leo Murray, Alma Stahl, Reese Lloyd, Bernice Holbrook, Sarah May Doak, Raymond Spangler, Lucille Strand, John Gardner, Marcella Dowd, and Myrtle Mullin. Of these Miss Elmers and Lucille Strand are Daly City girls, the other members of the class being young people of South San Francisco.

As is usual at this season the interest of the students and their relatives and friends centers on events clustering around the graduation. Commencement, the central event of all, will be held at the high school the evening of Thursday, June 16th. The senior dance, an affair always looked forward to with pleasurable anticipation is scheduled for the evening of June 17th at the high school auditorium. Class Day is planned for June 15th.

The County Board of Education has announced that 367 pupils who have finished the work of the eighth grade of the county grammar schools will take the county examinations this year. These examinations will be held in many different schools of the county. Besides the local pupils, those from Millbrae and Loma Park will take their examinations in South San Francisco. These will be held June 2d, 3d, 9th, and 10th. The studies in which these examinations will be held are as follows: Literature, language, hygiene, word analysis, geography, arithmetic, mental arithmetic, history, drawing and civics.

School closes in South San Francisco for both the grammar and high school grades Friday, June 17th.

PLAYERS' CLUB PLANS DANCE AT FRATERNAL HALL, JUNE 11

Another of the popular dances given by the Players' Club of All Souls' Church is being planned for Saturday evening, June 11th, in Fraternal Hall.

Good music has been engaged, and as the affairs given by this organization of young folks in the past have always been well patronized, there is every reason to believe that their efforts will prove most successful this time.

LIBERTY BAND PLAYS AT SAUSALITO CELEBRATION

The South San Francisco Liberty Band played at the Chamorita in Sausalito the last two Sundays. Last Sunday the members of the band were accompanied by Mrs. Charles Bollazzi and daughters, Lillia and Josie, Mrs. A. Barlettani, and Mrs. P. Pagni.

DALY CITY PROPERTY OWNER SUES FOR POSSESSION

Caesar Ehlers has filed suit in Judge W. J. Smith's court for the possession of a store building in Daly City. The defendant is named as W. Lasswell. The complaint states that the building is a two-story structure and that the lower floor is occupied by W. Lasswell as an undertaking parlors, while the upper story is used as a dwelling. Ehlers claims over two months' rent is due and he desires to re-enter his property. The attorney of the defendant has entered a demurrer, claiming that Judge Smith has no jurisdiction in the case because the amount of the monthly rent on the property is greater than the limit set by law for justice court cases.

MOVEMENT FOR BETTER R. R. SERVICE STARTED

Chambers of Commerce of Peninsula to Plan Big Booster Meeting to Further Project.

The expressions at the big Rastall meeting last week in favor of better transportation between peninsula points and San Francisco will crystallize shortly in definite and concerted action by different Chambers of Commerce as far south as San Jose. This was brought out at the meeting of the San Francisco Chamber held at the city hall Tuesday night. W. H. Coffinberry was appointed a committee of one to confer with officials of the Three Cities Chamber of Commerce and arrange for a great booster meeting for the project, to be held at some date in the near future. This meeting will probably be held at San Mateo, and it is expected that representatives will be present from all the towns affected between San Francisco and San Jose. The fact was brought out at Tuesday night's meeting that this project was brought up about eight years ago when, as a result of much agitation and many conferences with the officials of the Southern Pacific Company, plans were gotten well under way for the electrification of the railroad's line south from the city to San Jose. The prospects at that time were that the change in power on the railroad would soon be put into effect. Then came the war with its curtailment of all development and construction work, and the project was dropped.

It is believed that the electrification of the railroad will be a tremendous benefit to the entire peninsula, resulting in much quicker and more frequent connection by rail with San Francisco. According to the expressions of many gathered at the Rastall meeting from different towns, the electrification of the railroad is the one thing most needed at present for the development of the country immediately south of San Francisco.

Another matter in which the Southern Pacific is concerned was brought up at the meeting Tuesday evening. This is the filing of a protest by the railroad company against the improvement of Industrial way in this city. A committee was appointed to confer with railroad officials to try and get them to withdraw this protest. P. R. Thompson and Mr. Burgess of the Pacific Coast Steel Company, Mr. Hayne of the Enterprise Foundry and W. J. Martin were named on this committee.

GIVEN SURPRISE PARTY BY FRIENDS ON HIS BIRTHDAY

C. Stokes had a birthday Friday of last week, and in the evening his home on Baden avenue was the scene of a jolly surprise party arranged by his friends. There were over twenty of the self-invited guests present from this city and San Francisco. The evening was spent with music and dancing.

JAMES TRIAL AGAIN CONTINUED; SET FOR SATURDAY, JUNE 4

The trial of Mr. and Mrs. Carl James of Daly City, accused by the American Barium Company of larceny, came up for trial Wednesday of this week before Judge Cunningham in the city recorder's court, but was again continued, this being the third continuance granted. The postponement this time was occasioned by District Attorney Swart's absence from the county. In the meantime, James remains in jail at Redwood City. Judge Cunningham was wroth at the asking for a continuance at this time following two other similar requests, and served notice on the attorneys in the case that the hearing would be held June 4th, whether there was an attorney present or not.

MRS. PECK ENTERTAINS BRIDGE PARTY AT HER HOME

Mrs. E. C. Peck entertained the Bridge Club of San Francisco at her home on Eucalyptus avenue Thursday afternoon at a luncheon and card party. The table decorations were in pink, together with roses and ferns. The afternoon was spent in playing bridge, prizes for the best players being in the form of baskets of fruit.

VIRDEN PACKING CO. BUYS BIG NEW PLANT

Deal Closed Whereby Virden Owns Great Oakland Cannery.

The Virden Packing Company Wednesday purchased and took over the entire plant and holdings of the Western Canning Company of Oakland, thereby consummating the biggest packing merger of the year.

The Western Canning plant, recently completed, represents an investment of approximately one million dollars and is reported by those familiar with the canning business to be the most modern canning plant in the United States. The plant is equipped with every up-to-date convenience for the canning of vegetables and fruits and has a capacity of 600,000 cases a season. It will give employment to over 1500 operatives.

Charles Virden, president of the Virden Packing Company, said it was the intention of his company to start operations immediately, and to run the plant to capacity, using it in conjunction with the packing plant at South San Francisco, which is one of the largest packing plants on the Pacific Coast.

SCOTS JOURNEY TO LODGE MEETING AT SAN MATEO WED.

A party of members of Francis Drake, F. and A. M., went to San Mateo Wednesday night to attend a meeting of the newly organized lodge of the Order of Scots. Members of the order from all over San Mateo county were present and fourteen novices were taken into the lodge. Most of the evening was taken up with a consideration of business matters pertaining to getting the new lodge into running order. The evening ended with a supper in which about 200 Scots took part.

LUTTRELL GIVEN JUDGMENT IN CASE AGAINST L. A. WEBER

The case of J. R. Luttrell against L. A. Weber was heard in Judge Smith's court Wednesday, judgment being given Luttrell in the sum of \$100, together with interest, court costs, etc., the entire sum being \$298.38. Weber did not contest the suit. An interesting phase of the case was that Constable James Wallace had not made return to the court of money collected for the release of attachment levied in the case, and J. J. Bullock, attorney for Luttrell, asked an execution on Wallace for the money collected.

THINGS LOOK BETTER FOR YOUNGER BOY THIEVES

Later developments in the case of the three boy thieves from this city whose arrest at San Bruno was reported last week, lead local officers to believe that the two younger boys, whose ages are 12 and 13 years, were not implicated in the larger and more serious robberies that have taken place in South San Francisco within the last few months. The younger boys admit a number of petty thefts, but vehemently deny any part in the more serious offenses. The 16-year-old boy refused to make any statement, and it is believed he was implicated in many robberies as reported. He will be sent to Preston reform school.

"WHERE WAS MOSES?"

The lights of South San Francisco, San Bruno, and Colma were out for about an hour Sunday night. The failure of juice was caused by three power lines on Oak street, South San Francisco, going down.

At least one good story came out of the darkness. At St. Paul's Methodist Church services were conducted as usual, except in one small detail. The preacher preached, the musicians played, the choir and congregation sang, but no plate was passed. Just why the plate was kept under cover is not clear, unless perhaps there was a fear that somebody might drop in a \$5 greenback by mistake.

JAMES BARADAT DIES FOLLOWING ACCIDENT

Injuries Received When Car Upsets Fatal to Brother of A. Baradat.

James Baradat, business man of Belmont and brother of A. Baradat, well known throughout San Mateo county and having interests in Redwood City, San Bruno and South San Francisco, died Sunday at the Red Cross Hospital at San Mateo, following injuries received Thursday of last week in an automobile accident near Woodside. With Baradat at the time of the accident were P. Galli of San Francisco and Maurice Sheehan of Redwood City. The car in which the three were riding was overturned, Baradat receiving a broken collarbone, several broken ribs and internal injuries.

The funeral was held Wednesday from the late home of the deceased at Belmont. Burial was at Holy Cross Cemetery.

ENTHUSIASM INCREASING FOR THE ORDER OF DE MOLAY

A De Molay chapter for San Mateo county is now an assured fact. This chapter, known as Peninsula Chapter, Order of De Molay for Boys, held its preliminary meeting last Monday evening at Masonic Hall, San Mateo.

The evening was opened with an invocation by Dr. Brewer of St. Paul's Episcopal Church of Burlingame. An exceptional program of fancy dancing, vocal and instrumental selections followed. An address by Jesse M. Whited, deputy in California for the grand council, was the signal for enthusiastic demonstration, and the De Molay chapter was off with a rush.

Next Monday evening at Masonic Hall, San Mateo, the regular and official installation of the chapter will take place, followed by the ceremony of the initiatory degree, at which time it is expected some seventy-five new candidates will be adopted into the order.

The installation and degree work are to be conferred by teams from the two large De Molay chapters in San Francisco.

Among the local boys who attended the meeting Monday and have signified their intention to become members of the order are Alexis James, Harlow Dotson, Phillip Sullivan, Orman New, James and Haydn McMills.

PROGRAM FOR CHILDREN'S DAY PLANNED AT ST. PAUL'S CHURCH

Children's Day will be observed at St. Paul's Methodist Church with fitting exercises. Each Sunday school teacher will arrange a part of the program, the children of her class taking part. Children's Day this year has been set for June 12th.

LADIES' AID PLANS ANNUAL DOLLAR SOCIAL IN JUNE

The Ladies' Aid Society of the M. E. church is making plans for its annual dollar social, to be held early in June. Mrs. Elizabeth Coffinberry, Mrs. H. H. Hopkins, Mrs. A. A. Whitten, Mrs. D. N. Stearns are the committee in charge. The date and place will be announced later.

Miss Emily Reese of Berkeley was the guest for the week-end of Miss Bernice Holbrook.

"WHAT WOULD YOU DO?"

What would you do if you returned to your home about sunset and found a flying machine in your yard? Jack O'Connor of San Bruno had this experience this week. He returned after being gone two days, and there was an airship parked among the onions and sweet peas just north of the O'Connor chicken yard. Later it developed that the machine belonged to Gates & Morris, aviation firm of San Francisco, and that it had been dropped in San Bruno to dodge a writ of attachment that had been issued for it.

The ship remained in the O'Connor yard for several days until the attachment, served on its discovery, was lifted, when it spread its pinions and soared away.

STREET R. R. INCOME SHOWS AN INCREASE

City Gets Statement From R. R. Co.; City and School Nurse Discussed at City Board Meeting.

The gross receipts of the South San Francisco street railroad for the year ending April 21, 1921, were \$31,181.20, according to a statement filed with the city trustees at their meeting held Monday night. This means that the city is to be enriched \$623.62 by the clause in the railroad company's franchise which calls for a payment to the city each year of 2 per cent of the road's gross receipts. A noteworthy fact is that this amount to be received by the city from this source is very close to the same amount received last year at this time, being, in fact, just \$5 more. This would indicate that, in spite of the slowing up of work and laying off of men at the factories and the moving away of the shipyard, there was a slight increase of travel on the local line between April 21, 1920, and April 21, 1921, over the period between the two dates in 1919 and 1920.

One protest against the proposed improvement of Industrial way, the road leading from Swift avenue to the steel mill, was received at Monday night's meeting, this coming from the Southern Pacific Company. The principal grounds upon which the railroad company based its protest were that it would receive little benefit from the improvement and present high construction costs.

That South San Francisco may soon have another city and school nurse, was indicated by an informal discussion held at the meeting. The matter was brought up by Dr. J. C. McGovern, city health officer. Dr. McGovern spoke of the excellent work done by Miss Cora Rackle, former nurse, whose ill-health compelled her recently to give up this work. The position has been vacant since Miss Rackle left about the first of the year. Dr. McGovern stated an application had been made for the position by a Miss Johnson. Although no formal action was taken by the city's officials, all seemed favorably inclined toward the securing of another nurse. As the matter was left, Dr. McGovern and the school board will look further into Miss Johnson's qualifications. During Miss Rackle's regime the position paid a salary of \$125 a month, one-half of which was paid by the school trustees, the other half by the city.

A resolution was adopted endorsing senate bill 68, which provides for any portion of a map to be vacated. According to City Attorney Coleberd, this would be of considerable benefit to the cities of the state. The bill has passed both houses of the state legislature and is now up for consideration by Governor Stephens.

A small number of bills against the city, including one from the Gamewell Electric Fire Alarm Company for \$10,237, were audited and ordered paid.

MISS KELLEY ENTERTAINS MISS McGRATH AT THE PALACE

Miss Lolita Kelley entertained her cousin, Miss Carmel McGrath, at a tea at the Palace Hotel Saturday afternoon of last week. Miss McGrath, who is the daughter of Postmaster and Mrs. J. McGrath of San Mateo, returned Friday from the St. James school on the Hudson river, New York.

MANY ATTEND WHIST PARTY GIVEN BY EASTERN STAR

There was a large gathering at Fraternal Hall Tuesday evening for the whist party given by the local lodge O. E. S. About fourteen tables were filled with players. Five prizes were won, as follows: M. L. Spangler, first; Mr. Seabecker, second; Miss Rue Clifford, third; A. J. Caderno, fourth; Mrs. H. H. Hopkins, fifth. Refreshments were served during the evening.

MRS. ROBERT CROKER DIES IN LOS ANGELES

Word has been received in this city of the death in Los Angeles of Mrs. Robert Croker. Mr. and Mrs. Croker were well known in this city, having lived here a number of years. They recently moved to Los Angeles, where they had property interests.

CHINESE MURDER SUSPECT HELD TO HIGHER COURT

Dick Ping, a Chinese, is in jail at Redwood City charged with the murder of Chow Sun, a Chinese gardener of San Mateo. Saturday Judge George A. Kertell of San Mateo rescinded a former order admitting Ping to \$5000 bail, and remanded him to the custody of the sheriff pending his hearing.

Ping was arrested on May 11th on a charge of having shot Sun near the A. J. Pattison home on the night of Sunday, May 1st. When he originally appeared before Judge Kertell there was no interpreter present, and the judge, being unable to get any clear information, admitted him to \$5000 cash bail pending further hearing. When he appeared Saturday Judge Kertell decided that there was sufficient cause for holding Ping for preliminary hearing on the murder charge. Ping's attorney, Harry E. Michel, endeavored to secure his client's freedom on a writ of habeas corpus, but was unsuccessful.

UNIDENTIFIED VICTIM OF TRAIN BURIED AT COUNTY FARM

The body of the man killed by a S. P. train in the tunnel north of town Wednesday of last week was buried Saturday by Deputy Coroner Nieri. All efforts to learn the man's identity failed, and he was buried at the county farm.

Blue and White

Official Paper of the
South San Francisco High School

Ray Spangler Editor

LOOKING THEM OVER

In criticising the four class editions of the "Blue and White," the first thing, of course, is to say, in our humble opinion, who put out the best paper. The low freshmen, we think, showed the most journalistic ability. Their success is due to the fact that the whole class got behind the editor. They rather balled us out for taking a rest, but when they become seniors perhaps they will change their views about ditching outside work when regular studies pile up on them. We

received an anonymous letter from somebody, who tried to write something like a poem, calling to our attention the fact that the freshmen had called their editor an "editress," and "there ain't no sech."

The high freshmen did not put forth the effort, and consequently were not able to put out as good a paper as the low freshmen. However, their editorial was very good. The news items were poorly written. For instance, the one telling about the Chamber of Commerce meeting did not bother to tell what transpired at the meeting, but impressed us with the all-important fact that the meeting took place in the high freshman room! Somebody just hates themselves.

The sophomores put out an edition that was second only to the low freshman paper. They put out the biggest edition, but it was not quite as well written as the other, which may be accounted for by the fact that the freshmen have an English teacher as a class teacher.

The junior edition was unfortunate. Their editorial was not printed, and they forgot to send in the names of their editor and staff, so the sophs were given credit for it. The juniors improved the opportunity to advertise their play and also printed some new songs, for which credit is due them. Both the low and high freshmen editions printed some discarded school yells as class yells. If their editorial had been printed, their paper would have rivaled that of the low freshmen.

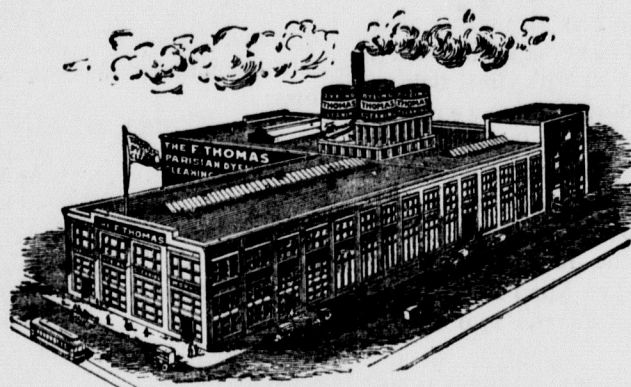

Of the senior edition, the law won't let us print our opinion!

JUNIOR CHAMBER HOLDS IMPORTANT MEETING

The Junior Chamber of Commerce held a special meeting Monday. The improvement committee started the body off on the largest thing yet attempted. The plan proposed is to get \$218.40 by popular subscription to plant a windbreak around the west side of the athletic field. To this end, each member has taken upon himself the task of getting from five to ten of the prominent business men in town to subscribe \$2.50 each, the cost of one tree. The members themselves will arrange for the stakes, planting and caring for the trees. Gentlemen, here is a fine opportunity to prove yourselves a benefactor of the South San Francisco High School. Improve it!

JUNIOR CLASS PLAY ABOUT READY

The juniors are putting the finishing touches on the play they are to present Friday evening. The play, "After the Game," is peculiarly adapted to the talent in the class, and they promise a fine production. A six-piece orchestra will render some carefully selected numbers between the acts. In view of the present financial situation, the class is charging a very reasonable admission, 25 and 35 cents being price of tickets.

MINUTES STUDENT BODY CONVENTION.

(Continued from last week.)

Franklin

Mr. President: We have several questions here, brought out by our friend from Chaffee and our friend from Hollywood. I have been in the school for four years. At the beginning we were as a large family, but in that family we had our self-government. Now the only trouble with the self-government, as we had it, was the fact that we bumped up with our friends. And it was hard to soak it to them. Well, now, to get around that, we did not get around it. Now we are up to the thousand mark, and we feel that we want to form a new and bigger self-government. In answer to our Chaffee and Hollywood gentlemen, they say they are using the honor system instead of self-government. It seems to me that if the honor system will work in your school, self-government will. The faculty of our school do not want to run the school, but will support what is right. Can we form a small committee of one of the members who does not have self-government and one who has? I think that the honor system, if it is introduced, will create an interest in self-government. If you can get the honor system with self-government, I think it will work well.

South San Francisco

Mr. President: I move that we appoint a committee of five who have self-government, to work out a plan which can be used.

Amendment: I move that we have on that committee a representative who has not self-government in their school, so as to present both sides of the question.

Cassidy

Mr. Chairman: We use the system that the United States government is governed by. We have an upper house made up of juniors and seniors and a lower house made up of sophomores and freshmen. A bill if passed must go through both houses and then the principal could accept or veto it. We control certain branches of school activities and the faculty controls the other branches.

Santa Barbara

Mr. President: I do not believe this committee will draw up a plan that will be perfect. I believe this committee will merely draw up some plan by which you may get some good suggestions. This convention is to help perfect the governments in our schools.

Fillmore

Mr. President: I doubt if we could have self-government in our school, for we, as others have said, are just like one large family. In our school we have a commission form of government, consisting of three boys and three girls, elected by the student body. This has proven very successful.

Lunch

Meeting called to order by Don Hillyard of S. A. H. S. at 1:30 p. m. Subject under discussion, "School Spirit."

Santa Barbara: Having difficulty. Boys have joined together and the girls likewise. One bunch pulls against the other. Lack of proper spirit. Wants suggestions on this point. Girls feel that the boys get all the honors, medals, emblems, etc., in contests in which they cannot compete. No interscholastic or interclass contests for girls.

Poly: Creates spirit among students through music and songs. That creates school enthusiasm. Have good

yells. Get fellows to come and make them yell. Have good yell leaders and ones who are popular.

San Jose: Get good yell leader who is a happy fellow, full of life and snappy with yells. This keeps life in students and takes them away from the regular routine. At least once a week each class takes charge of assembly, puts on some short play, accompanied by jazz band. Plenty of song and yelling.

Hollywood: Have girls' athletics. Interscholastic competition in basketball, etc. Girls are awarded emblems, which are not like the boys. If they do not get in on interscholastic contests, they have a chance in the interclass contests. Certain ones get their letters, the girls' letters being a little fancier than the boys, and the nature of the branch competed in is indicated on the letter. Also have track team.

Fresno: Each kind of sport should have a different design. Public will know just what branch of athletics a boy belongs to. Up to this time the major sports only get the big block letter. Block letter only given for first team work. Must have played certain number of halves and innings to acquire.

Poly: Football is looked up to as the major sport and it is given the block letter. Other sports receive smaller letters. We should consider a letter as an honor.

Van Nuys: Unsportsmanship by either a student or an alumni deprives him of the right to wear a letter further, and it is taken from him.

Puente: Second team should be given a letter. They come out and back up the first team and help them and get hammered around. Thinks a small letter should be given to second team men. This would bring material for first team.

Poly: Should not make our athletics mixed so that the first team feels that it is brought down on a level with the second team. This would discourage the first team.

Dismissed at 330 p. m. to take ride through the county.

PRACTICAL RECIPES

Methods for Making Bread

There are two general methods for making bread, one known as the straight-dough process and the other as the sponge process.

In the straight-dough process all the ingredients are mixed at one time and the dough is made of the proper consistency before rising. Either compressed or liquid yeast may be used for this, but not dry yeast.

In the sponge process only half the total amount of flour is used at first, with all or nearly all the liquid, the yeast, and frequently the salt and the sugar. Compressed, dry, or liquid yeast may be used for this. This mixture is similar to a soft batter, and after the first rising the remainder of the flour, the shortening, and any other desired ingredients are added. It is then kneaded until of the proper consistency and smoothness.

Regulating Time of Process

The sponge process usually requires less yeast than the straight-dough method, because of the softer consistency of the mixture which favors the growth of the yeast, and also because it is generally given more time. However, by using larger or smaller amounts of yeast one may shorten or lengthen the time required for rising. In a similar way the straight-dough process may be shortened or lengthened by increasing or decreasing the amount of yeast used. Great care should be taken with a sponge or dough which stands a long time—as the overnight straight dough or the overnight sponge—to keep it much cooler than when the quicker methods are used, since the former have a greater chance of becoming sour.

The following bread recipes are given by specialists of the United States Department of Agriculture:

Short Process, or Straight Dough

4 cups (1 quart) lukewarm water.
4 teaspoons salt.
2 tablespoons sugar.
2 tablespoons shortening, if desired.
1 or 2 cakes compressed yeast, or
½ to 1 cup liquid yeast.
3 to 4 quarts sifted flour.

If milk is used it should be scalded and cooled until lukewarm before using. When liquid yeast is used its volume must be deducted from the other liquid called for. This makes four loaves.

Soften the yeast with a small amount of the lukewarm liquid. To the rest of the liquid add the salt, sugar, and shortening. Add the yeast and mix all together. Measure the sifted flour into a bowl and blend with this the liquid. If too soft to knead, add more flour until of the proper consistency.

Knead for five to ten minutes, or until smooth, elastic, and no longer sticky. Cover with a lid or plate and place where it will be away from drafts and at a uniform temperature of 80 to 88 deg. F. Let rise until about double its original bulk or until a slight touch of the finger leaves an impression. This should happen within one to two hours if the yeast is in good condition and the temperature right. Knead and set aside again in the same warm place until it doubles its bulk. Then knead and shape into loaves; let rise again until double in bulk and bake.

Overnight Sponge Method

4 cups (1 quart) lukewarm liquid (½ cup less if potato is used).
4 teaspoons salt.
2 tablespoons sugar.
2 tablespoons shortening (if desired).
1 cake yeast (dry or compressed), or
½ cup liquid yeast.
1 cup mashed potato (if desired).
3 to 4 quarts sifted flour.

If dry yeast is used, soak it for twenty minutes to one hour before mixing the sponge and mix the sponge earlier than if compressed or liquid yeast is used. When liquid yeast is used, its volume must be deducted from the other liquid called for.

Blend the yeast with a little of the lukewarm liquid. If potato is used add to it the salt, then the yeast mixture, the remainder of the liquid, and finally one-half of the flour. Beat until smooth, cover, and set to rise where it will be at 60 to 70 deg. F.

In the morning, break up the sponge, add sugar, the melted shortening (if used), and enough flour to make a dough of the proper consistency. Knead until the dough is smooth, elastic, and no longer sticks to the bowl or fingers. Cover and set to rise until at least double in bulk. Knead down, mold into loaves, let rise again until double in bulk and bake.

WHEN STRAWBERRIES ARE RIPE.

Strawberry sauce, which can be served with boiled rice or cottage pudding, is a good way to use the first few berries that appear in the garden or in the market.

Strawberry Sauce

½ cup butter.
1 cup powdered sugar.
½ to ¾ cup strawberries.

Rub together the butter and the sugar, then add the strawberries, a few at a time, beating until the fruit is mashed. If you object to the curdling of the sauce, which affects the appearance only, rub the white of one egg thoroughly into the butter and sugar before adding the berries. This protects the fat from the action of the acid of the berries.

Did you ever notice the grace and beauty with which a circus elephant waltzes? No? Well, that's the impression an elderly man gives who late in life starts out to be a "cut-up."

You have noticed that those who oppose most bitterly the pleasures of the young as being immoral, are those that by no chance could ever have had the opportunity of being immorally young.

A hard name honestly acquired is rather to be chosen than a high name dishonestly acquired.

WHERE IS TRUTH?

People who read some of the large city dailies, and especially the Washington dispatches, are becoming somewhat befuddled over the conflicting news from day to day. One day we are told that the president is lending a sympathetic ear to Germany, and the next we read that he is strong for the allies. One correspondent sends out a story that all is peace and harmony between the administration and congress, and the same day another writer has them on the brink of an unbridgeable chasm.

It is so with much that we read. It is one thing today, another tomorrow, and the day after neither is correct. Truth occasionally slips in, but we are unable to recognize it when we see it. We never know what to believe.

It is becoming a common occurrence for people who think to read a news dispatch and then cast it aside with but one thought—"newspaper bunk."

The trouble is as much with a large proportion of the city population as it is with the managing editors of the big papers—possibly more so. A plain, dignified statement of fact no longer satisfies the public. It wants thrills, excitement, sensations. If there is nothing of a "spicy" nature in a paper the sheet is too tame—not worth reading.

Managing editors are up against this modern degeneracy of human nature. They have no choice. It is a case of furnishing what the public demands or quit printing a newspaper. Reporters and correspondents must dish up what the editors require to satisfy the public craving—or hop off the payroll. And reporters and correspondents—and also editors—have appetites that must be appeased. They cannot masticate empty pay envelopes.

It is all rather disconcerting to people to respect right and justice, who believe in truth and veracity. The possession of scrambled brains flavored with the spice of life may be very satisfying to some people—even to many of them—but there are a few who dissent.

Where is truth? Far in the rear, trying to keep pace with bunk.

WILL TAXPAYERS STRIKE?

Will there be a strike against the payment of exorbitant taxes now being loaded onto the taxpayer?

During abnormal times in recent years high prices and high taxes were being paid through expenditures of capital which were reckoned as war profits. We have awakened now to the fact that if this capital is ever returned to us we must pay it back to ourselves. As a result, public sentiment, almost overnight, refused to longer pay war prices for commodities, and we had what was termed a "buyers' strike."

The tax rate in our leading cities is now running from \$3 to \$4 per hundred dollars of assessed valuation. On top of this comes county, state and government tax which brings the tax bill of the average individual up to from \$7 to \$10 on the hundred, with the demands of officialism increasing.

How long can the people pay such tax bills on a peacetime income? Will we have a "taxpayers' strike" which will demand a cut in tax expenditures in proportion to the generally reduced cost of living.

AS THE EDITOR SEES IT.

When a man exhibits extraordinary intelligence and progressiveness the world looks up to him as a man among men. His father comes in for a good share of credit for having produced such a son. The mother is generally forgotten. Women usually are, where credit is to be given.

And yet it is the mother who brings him into the world—who is his constant teacher from infancy to maturity—who starts him on the road which he travels with such distinction and success.

Women have never been accorded their just dues in this world. It will be many years before they ever receive them, although each one brings us a little closer to the goal.

Man is quick to take but slow to give. Woman waits for her son.

Yap is a little island with a little name, yet it looms large upon the international horizon.

The council of the league of nations, breaking faith with Mr. Wilson, has handed it over to Japan, although its possession is vital to American cable interests.

When a nation founded upon honor deals with other nations where honor is a secondary consideration, it should not feel surprised when double crossed. Neither should it cancel billions of dollars' worth of war debts when these paupers come whining around of their inability to pay.

Remember Yap. The end is not yet.

When a pretty girl walks along the street many male eyes are upon her. Nine out of ten will admire her in a clean-minded manner. The tenth man will make some pert remark. Of course, it is not his sister, or he would not make such remarks. He might even be ready to fight if he heard any other man make them about his relative.

These tenth men may not mean any real harm. Often they are only thoughtless and inconsiderate, never remembering that the other fellow's sister is entitled to the same chivalrous courtesy they demand for their own. Ours is a reasonably fair community in this respect. It would be ideal if the tenth man would think before he speaks.

Of course, it is a little early yet to decide whether it is to be a season of professional baseball or unprofessional grafting.

We spend \$1,300,000,000 on cigars and cigarettes. When the good ladies dust the weed there will be a tidy sum to spend on face powders and hair dyes.

Japan may entertain peaceful intentions toward us, but her military activity would indicate that she is getting ready to make naughty faces at some one.

War threatens to break out between some of the Central American countries, but it will receive scant attention up here until after the baseball season.

Witty paragraphs are becoming so numerous in the newspapers one finds it increasingly difficult to recognize that they are supposed to be witty.

If people who advocate war were required to do the actual fighting the world over, there would be fewer advocates and no wars at all.

A tax on bachelors would not be so bad after all. The fellow who pays up would have a valid excuse for remaining single.

Most men are judged by the company they keep, but sometimes it is tough on the company.

SENATOR SHORTRIDGE SUES ESTATE IN HUMBOLDT CO.

The fact that he is a United States senator does not prevent a man from entering suit in court for the payment to him of money due. This was shown last Friday, when Senator Samuel M. Shortridge filed suit in the San Mateo county superior court, through his attorney and San Francisco law partner, T. J. Sheridan, for \$6053.20, alleged due from the estate of a Humboldt county nurseryman named Charles Willis Ward. David Strauss Ward, executor of the estate, is made the defendant. The amount stated is claimed due on promissory notes given Shortridge in payment for legal services when Charles Willis Ward was sued several months ago by a San Francisco girl for failure to marry her, according to an alleged promise. Ward, who died recently, was reputed to be a man of considerable wealth, and the girl's suit against him was a nine-days' sensation.

"Worker" rhymes with "shirker," but there isn't any other point of contact.

NOTICE OF SHERIFF'S SALE.

By virtue of an execution, issued out of the Superior Court of the County of San Mateo, State of California, and dated the 19th day of May, A. D. 1921, in an action in which the Plaintiff, Ray B. Lyon, on the 18th day of May, A. D. 1921, recovered judgment against E. H. Werder, Defendant, for one thousand eight hundred and thirty-one dollars and sixty-one cents (\$1831.61), of the United States of America, and costs of suit, I have levied upon property described as follows, to-wit:

An undivided one-half (1/2) interest of, in, and to all those certain lots, pieces or parcels of land situate, lying and being in the County of San Mateo, State of California, bounded and described as follows, to-wit:

Lots 10 and 11, in Block numbered 138, as shown on the Map of South San Francisco, Plat No. 1, filed in the office of the County Recorder of the County of San Mateo, in Redwood City, California, and recorded March 1, 1882, in Map Book No. 2, page 52, of the records of said County.

Notice is hereby given, that on Monday, the 20th day of June, A. D. 1921, at 10 o'clock a. m., in front of the County Court House, in the Town of Redwood City, in the County of San Mateo, State of California, I will sell all the right, title and interest of said E. H. Werder in and to the above described property at public auction, for cash in gold coin of the United States, to the highest and best bidder, to satisfy said Execution and all costs.

Dated at Redwood City, this 21st day of May, A. D. 1921.

SAN BRUNO LOCALS

Mr. and Mrs. Grundy were away for a few days the early part of this week.

Mrs. Collings of the Burlingame Advance was a visitor to San Bruno a few days ago.

The postoffice will be closed all day Monday (Memorial Day), except between the hours of 11 and 12 noon, for general delivery.

Ex-City Marshal William Wedell is about again, after having been confined to his home with a severe attack of poison oak for several days.

Mrs. Hawkins is having her block on San Mateo avenue faced with cement. When finished the building will present an exceedingly handsome appearance.

The building of a home for the benefit of Mrs. McDonald and her four little children is now an assured fact, sufficient funds for this purpose having been raised.

P. J. Sullivan has disposed of his entire stock of dry goods to a San Francisco broker. P. J. has given out that he intends opening up business in San Francisco.

Every one is looking forward to the barbecue and dance to be given at Bellevue Tavern next Sunday. A record crowd is assured for this unique and delightful affair.

Louis Jentsch, the young boy who attempted suicide by taking a dose of strychnine some few days ago, is now out of danger and will soon be in his usual state of health again.

Editor Helmore is about again after a week's illness, during which he was confined to his bed. For several days he was a very sick man, his temperature being over 100 at times.

J. F. Goldner's second trial will commence Friday in the justice's court at Redwood City. The charge is obtaining money under false pretenses. District Attorney Franklin Swart will prosecute in person.

It can be definitely announced that Mr. and Mrs. Cryer of Huntington Park have sold their beautiful home to Mr. Wagner of South San Francisco. Mr. and Mrs. Cryer will make their future home in Oakland.

The many friends of Editor Speed of The Enterprise are delighted to hear of the continued improvement in his wife's health. Mrs. Speed underwent a capital operation a few weeks ago at the South San Francisco Hospital.

The San Francisco Chronicle last Sunday had an exceedingly fine picture of Mrs. Robert Hayes Smith published in its society columns. Mr. and Mrs. Smith are at present living at their charming country home in San Mateo.

Mr. Brose has returned home from Idaho, where he went on business for his firm. Every one is pleased to see him home again, and he himself expresses himself as delighted to be back. He thinks there is no place like the peninsula.

Mr. Green was in town a few days ago, and intends shortly putting up several new houses in San Bruno. Mr. Green has great faith in San Bruno, and expresses himself as certain that it has wonderful growth and prosperity immediately ahead of it.

The Yeomen's jamboree last Saturday night scored a grand success, both financially and socially. The Novelty Theater was packed to the doors on this occasion, while the dance afterward was largely attended and proved an outstanding success.

Monday, City Marshal Gaudette received word from a Mr. Draper of Burlingame that he had recovered a car stolen by two boys in San Jose. The car belonged to a man living in Vallejo. The auto has been returned to its rightful owner, but unfortunately the enterprising youths who stole it have not been laid by the heels.

Born—To Mr. and Mrs. George Gignou of Fourth Addition on May 21, 1921, in San Francisco, a daughter, who is to receive the names of Phyllis May. Mother and daughter, we are pleased to hear, are doing well.

RESOLUTIONS FOR STREET WORK PASSED

City Trustees Take Action Looking to Street Paving; Many Matters Taken Up at Board Meeting.

The city trustees held their regular meeting at the city hall Wednesday night with the full board present. The meeting was called to order at 9:15.

The city attorney notified the board he had taken up the matter of the charge for fifty volunteer firemen with the State Compensation Board, and had been advised that it would without doubt reduce last year's number of insured men to ten, and that a rebate of \$80 would be made to the city. This would make the annual premium \$20, in place of \$50 as at present.

In regard to the raise of fare by the Peninsula Rapid Transit Company, Mr. Davis informed the trustees that Mayor Pearson of Burlingame, president of the company, had intended appearing before the board that evening, but had been taken ill and was unable to be present, but that he hoped to attend the next regular meeting.

The city marshal made a report for March and April. The former was accepted, but the latter went over till the next meeting because his figures showed a total collection of fines of \$40 in excess of those reported by Recorder Custer for the same period. Judge Custer is now away on vacation.

On motion of Trustee O'Connor, seconded by Dr. Smith, the city attorney was instructed to draft an ordinance whereby all dances held in San Bruno must terminate by 1 a. m., and that any dance wishing to hold later should have to make application to the trustees prior to the evening of the dance for an extension of time.

The matter of providing a safe for

the city attorney was again taken up, but laid over till next meeting, by which time it is hoped the city clerk and city treasurer will arrive at some plan whereby the books and funds of the latter will be kept in a separate safe placed in the vault in the city clerk's office. The difficulty in this arrangement is that the city treasurer does not see how he is to gain access to the vault evenings when he wishes to use the books. While the city clerk is willing to show up at the office on such occasions and unlock the vault, she cannot see her way clear to promise she will be able to do so on every occasion the treasurer may desire.

The following permits were granted: Mrs. G. Lind, alterations on an outbuilding in First Addition; A. P. Willits, to glass in portion of home in San Bruno Park; Contractor Frank Valentine, to make alterations to roof of Mr. Martinelli's house.

Mr. Neustadt made application to build an addition to his house and change its roof. The matter was left to Commissioner of Works O'Connor to advise Mr. Neustadt that, provided he first connected up with the sewer, a permit to undertake the work proposed would be granted.

Fire Commissioner Kane reported that the delay in getting the engine to the fire at the Methodist church some weeks ago was owing to the fact that there was only one man on duty

Home Transformations

That you can make yourself with paint, varnish or enamel

WE have established a service for women and men who want to do small jobs of interior painting, varnishing or refinishing of furniture, floors, bath rooms, walls, and bric-a-brac.

It's a free service. You simply tell us what you have to refinish, how finished now and what effect you want to get.

We tell you how to do it—in detail. What kind of material to use. What kind of brush. What method. Where to buy.

You can work transformations in home things that will surprise you. Old bedsteads, tables, chairs, woodwork, floors, bath tubs, etc. are old really, only on the surface. Paint, varnish or enamel them, and—they're new!

We make a special line of paints, varnishes, etc., for just this kind of home work—Fuller's "Home Service" Paint Products,—for you to use.

They dry perfectly, spread easily and smoothly, and give every desired result. You'll be surprised to learn what you can do—once you've used them.

Our experience with paints and painting practice goes back more than 72 years. We are one of the country's largest manufacturers. Our experts make a study of specifying paints for every kind of use.

Follow Fuller's "Home Service" Specifications, and you'll get the exact effects you're looking for.

Don't think you can't because you haven't done this kind of work before. Let Fuller products and Fuller service show you that you can.

Remember—don't allow surfaces to rot. It costs less to paint them.

Where to Buy

Important that you get the right material so be sure to go to the right store for Fuller products. Cut out coupon below as a memo to direct you.

Write us now—a post card—for complete catalog of Fuller's Specification "Home Service" Paint Products, which tells just what to buy for the work you have in mind. Send full description of, and get our free advice relative to refinishing furniture, chairs, bric-a-brac, basketry, etc.

HOW SERVICE RATES ARE FIXED

PUBLIC SERVICE RATES are fixed by economic conditions—not by public authority. Any attempt to ignore this plain truth would be as futile as the command of King Canute to the tides. In fixing rates, the commissioners of regulation can do no more than ascertain and interpret the economic factors which control them and the rates as well. Public service companies must receive from rates:

- FIRST, the actual cost of their operation;
- SECOND, the amount of their taxes, insurance and depreciation;
- THIRD, a fair return upon the actual value of their property used in the public service.

at the garage where the machine is stored, and he was unable to leave the garage and drive the engine to the fire. This service was performed by an outside party, who towed it to the fire. Trustee Kane stated he was in favor of the fire engine being stored at the fire house, but that he would not advise this being done until action had been taken for the care and driving of the machine.

A resolution of intention to improve the following streets was passed, and notice of such intention ordered advertised: Easton avenue, etc., proposed by Trustee O'Connor, seconded by Dr. Smith; Mills avenue, etc., proposed by Trustee Kane and seconded by Trustee Palmer; Hensley avenue, etc., proposed by Trustee Palmer and seconded by Trustee Smith.

The auditor's report was received, but on account of the late hour its consideration was laid over till the next meeting.

The city clerk was given permission to hire a typewriter for \$10 a month or thereabouts for use on the assessment roll.

It was moved by Trustee Kane and seconded by Trustee Palmer that the city clerk be authorized to obtain additional help in getting out the assessment roll, and that she be allowed \$75 for salary for such purpose.

The board instructed the city attorney to draft a resolution by which the trustees could have done the work of clearing San Mateo avenue and San Bruno avenue of weeds and overgrowth for the summer of 1921.

On motion of Trustee Smith, seconded by Trustee O'Connor, the city attorney was requested to write to August Lund, and request him to return at once all city maps in his possession showing the location and depth of lateral sewers.

The next regular meeting will be held June 8th.

GEO. CLARK LEASES STORE; WILL MOVE TO THE CITY

George Clark, who for some years has run the candy store on San Mateo avenue, has leased the business to a San Francisco merchant for six years. The new manager has a thorough knowledge of the manufacturing end of the business. Mr. and Mrs. Clark will make their future home in San Francisco, and it is with keen regret that their many friends see them go. Mr. Clarke has ever proven himself an enterprising citizen, and has been instrumental in doing an immense amount of good work for San Bruno. Every one wishes the Clarks all good luck in their new venture, and hopes to see their return to this city before very long.

PROPER FLAG USAGE

Proper Courtesy to Our Flag
There seems to be a little confusion in regard to the courtesy that should be shown the flag when on display, and for the benefit of those who are in doubt we are publishing the following information:

The approach of Memorial Day, Flag Day and Independence Day make it appropriate to refer to "Flag Etiquette" as concerning the proper methods of displaying, handling and saluting the United States flag.

Flag Salute

Right hand lifted, palm downward to a line with the forehead and close to it. Standing thus, all repeat together slowly:

"I pledge allegiance to my flag and to the republic for which it stands, one nation indivisible, with liberty and justice for all."

At the words "to my flag" the right hand is extended toward the flag and remains in this gesture to the end of the affirmation, whereupon all hands immediately drop to the sides.

Flag Etiquette

The flag should be raised at sunrise and lowered at sunset. It may be raised at other times, but should never be left out at night, except when it is under fire of the enemy.

On Memorial Day the flag should be displayed at half-mast from sunrise until noon and at the peak from noon until sunset.

In raising the flag to half-mast it should always be run to the top and then lowered one breadth of the flag. In retiring it, it should first be run back to the peak and then retired. It should never be allowed to touch the ground.

When the "Star-Spangled Banner" is being played or sung, stand and remain standing, in silence, until it is finished. Do not look around and don't shift the weight of the body from one foot to the other. Face the music if possible.

When the flag is passing on parade or in review, if you are walking, halt; if sitting, rise, stand at attention (which means perfectly still) and uncover.

The flag should never be worn as a whole or a part of any costume. As a badge it should be worn over the left breast.

In decorating, the flag should never be festooned or draped, always hung flat.

If hung so stripes are horizontal, union should be in the left upper corner. If hung perpendicular, union should be in the right upper corner.

When the national flag and other flags fly from the same pole there should be double halyards, one on each flag.

The flag should never be placed below a person sitting. When carried in a parade or when crossed with other flags, the stars and stripes should always be at the right.

When the flag is used in unveiling a statue or monument it should not be allowed to fall to the ground, but should be carried aloft to wave out, forming a distinctive feature during the remainder of the ceremony.

When the flag is placed over a bier or casket, the blue field should be at the head.

As an altar covering the union should be at the right as you face the altar, and nothing should be placed upon the flag except the Holy Bible. The flag should never be reversed except in case of distress at sea.

SAN BRUNO STOREKEEPER FILES SUIT AGAINST GOLDNER

W. F. Wedell, former city marshal of San Bruno, now proprietor of a store in that city, has filed suit in the justice court of Judge W. J. Smith against J. F. Goldner for \$77.69 and costs. The amount stated is alleged due on a bill for merchandise delivered. Goldner is the man arrested recently in San Bruno for promoting a ball which was claimed to be a benefit for disabled war veterans. Goldner's claim that it was sponsored by the American Legion was denied by Legion officers.

NOTIZIE DALLA CONTEA IN ITALIANO.

I TRUSTEES DELLA CITTA' ASCOLTANO PROTESTE SUL MIGLIORAMENTO DEL PASSAGGIO INDUSTRIALE.

Lunedì sera era il tempo stabilito per udire qualunque protesta sul miglioramento del passaggio industriale.

Sola una fu fatta alla riunione dei trustee, essendo questa dalla Southern Pacific altra azione sul proposto lavoro fu rimandata ad altro tempo.

La considerazione del piano per appurare un' infermeria della città e della scuola fu presa dai trustee. Un applicazione fu fatta per la posizione resa vacante dalla partenza di Cora Rackle.

Non fu preso nessuna azione ufficiale. La posizione e' pagata in regola di \$125 mensili la metà del quale sono pagati dalla città e l'altra metà dai trustee della scuola.

La città fu notificata della compagnia tranviaria che \$623.62 erano pagabile quale due per cento del grosso ricevute per termine dell'anno fiscale Aprile 21, 1921. La città riceve la percentuale stando ai termini delle franchigie della compagnia tranviaria.

CINQUE ARRESTATI IN DALY CITY IN UNA QUASI RIVOLTA

Cinque uomini furono arrestati Domenica sera, causa una quasi rivolta accaduta nella casa del Signore e Signora Mitchell, 243 Los Olivos street. La maggioranza degli uomini

erano ubriachi, stando a quello che attestano gli ufficiali arrestanti. Non fu data alcuna causa della lite. I nomi degli arrestati furono quelli di John Blackwell, George Flynn, Thos. McDonald, George Young e George Daily. Flynn e McDonald apparvero alla presenza del giudice Johnson Mercoledì e furono dichiarati colpevoli di disturbare la pace.

Questi saranno sentenziati più tardi. Gli altri tre saranno ascoltati Mercoledì prossimo. Diversi colpi furono sparati durante la lite.

PASSI PER ELETTRIFICARE LA FERROVIA DELLA SOUTHERN PACIFIC

Alla riunione della Camera di Commercio di South San Francisco Martedì sera fu fatto un preperativo per far sì che la Southern Pacific elettrifici la ferrovia da San Francisco a San Jose. W. H. Coffinberry fu appuntato per comitato di uno per conferire con gli ufficiali delle tre Camere di Commercio delle tre città della contea e fare arrangements per tenere una grande riunione di propaganda per urgere la giustione.

Persone da tutte le parti della penisola attenderanno a questa riunione e sarà considerato il modo di portare la questione in mano della compagnia ferroviaria. L'elettrificazione della linea porterebbe si crede, un più rapido servizio e più frequente connessione per ferrovia con la città.

Un movimento per far questo fu incominciato qualche anno passato e la Southern Pacific aveva quasi consentito al cambiamento, quando

AMERICAN LEGION BALL TEAM LOSES TO MISSION NATIVES

Bernard McCaffery Post's baseball players struck hard sledding Sunday when they crossed bats with the Mission Natives. The Natives were real "honest-to-goodness" ball players, and walked away with the long end of a 16 to 3 score. The San Francisco team was the best that has played in this region in years, but at that the local players would have made a much better showing but for their lack of team work. The South San Francisco team has a large percentage of fine ball players, but each game they enter shows more clearly their lack of practice and good team work. The visitors

played a game without an error, while many of their sixteen runs were handed to them by bad plays on the part of their opponents.

A good-sized crowd witnessed the game, and the failure of the local boys to bring home the bacon was not caused by any lack of rooting from their friends. Nehls and Renker made up the battery for the visitors, Hart and Hudson for the locals.

Here is the way things stood at the end of the game:
